

Consider Clinical Health Psychology for a rewarding and stimulating career!

Clinical Health Psychology (CHP -Shared Health /Winnipeg health region/University of Manitoba) has a number of **permanent full-time Clinical Psychologist job opportunities**. Positions are available in both our **Child & Adolescent Services** and our **Adult Services**, primarily related to new funding and to retirements.

The **3 positions featured here are Child & Adolescent Services GFT jobs**, which means they have combined clinical (consult/treatment/assessment) and academic (clinical training/applied research) responsibilities. *Available ADULT Services positions with Clinical Health Psychology were circulated previously and can be found on the CHP website below.*

Permanent Clinician-Academic Positions (Child & Adolescent)

Pediatric Clinical Neuropsychologist	C & A Psychology Consult Service	Winnipeg: Health Sciences Centre
Clinical Child Psychologist	C & A Psychology Consult Service	Winnipeg: Health Sciences Centre
Clinical Child Psychologist	Child Protection Centre	Winnipeg: Health Sciences Centre

Job details and application instructions for these positions can be found on the CPA website <https://cpa.ca/careers/> and our U Manitoba Department of Clinical Health Psychology website http://umanitoba.ca/faculties/health_sciences/medicine/units/clinical_health_psych/

Deadline for initial review of applications is **March 9, 2020**; applications will continue to be accepted until the positions are filled. Beginning career to senior career colleagues are welcome to apply, including those currently on internship/residency nearing completion of their doctoral degree.

There are also Term (PT/FT) opportunities in both Child & Adolescent and Adult services, related to maternity leaves. The **Child & Adolescent Term** positions involve preschool developmental assessment and treatment, as well as school age general diagnostic assessment and treatment for health and mental health conditions. This is a great way to connect with your colleagues in CHP and contribute to public access of psychology services. Note that CHP Term positions may at times be filled by applicants who are post-residency and working to complete their dissertation.
