

***Full Time Clinical Leadership Opportunity at CFB Wainwright
Offering a \$10,000 Signing Bonus & Competitive Compensation Package***

If you are:

- a registered psychologist with authorization for autonomous practice with a provincial licensing body
- a graduate of an accredited university with a Master or Doctoral Degree in Clinical Psychology
- experienced with psycho-diagnostic assessment and with the treatment of PTSD, anxiety disorders, and mood disorders
- experienced with clinical guidance, clinical administration and management of other mental health professionals

...then Calian has an opportunity for you as a Clinical Psychologist, Acting Program Manager.

Our health service providers work in partnership with military teams providing quality care to Canadian Armed Forces members at Canadian Forces Base Wainwright.

Why Calian?

- Collaborative clinic settings
- Competitive compensation package
- Time for administrative duties
- Motivated clients and diverse presenting issues
- No overhead or administrative costs
- Emphasis on work-life balance

Your Key Duties:

- Providing professional services relating to diagnosis, assessment, evaluation, treatment and prevention of mental illnesses with an adult population
- Providing advice to other members of the health care team on medical administration, quality, and patient safety
- Providing clinical guidance and consultation to mental health professionals
- Providing patient clinical reports comprising of results and interpretations of tests, interviews, and evaluations to the health care team to generate care plans
- Conducting psycho-diagnostic assessments and cognitive assessments with an adult population
- Administering appropriate diagnostic tests for psychometric assessment, interpreting the results, and preparing psychological evaluations
- Providing treatment of a variety of mental health conditions for Canadian Armed Forces members using evidence-based practice including the use of Cognitive Behavioural Therapy and trauma processing therapies along with other modalities of therapy
- Leading and participating in the development, instruction, and counselling during sessions for specific mental illness such as anxiety, PTSD, depression and stress management
- Assisting in the identification, development, and evolution of mental health programming

Opportunities are limited!

Call today for more information on how you can contribute to this dynamic team. A tour of the clinic environment can be coordinated for interested candidates.
