

Participation in the survey on telerehabilitation (virtual care in rehabilitation)

If you are:

- A physiotherapist/physiotherapy technologist, occupational therapist, speech therapist/audiologist, neuropsychologist, or psychologist, or vision therapist;

AND

- You have used or are using telerehabilitation to give your services to patients or;
- You would be interested in using telerehabilitation.

We invite you to participate in our **survey** lasting approximately 20 minutes in the context of our study entitled:

Avoiding pitfalls in virtual care: paving the road for more ethical and equitable policies and practices in rehabilitation

To participate:

- Please click on this link
https://bit.ly/Sondage_Cliniciens_Telereadaptation_Clinician_telerehabilitation_survey or;
- Scan the QR Code or;
- Please contact dahlia.kairy@umontreal.ca if you prefer to use hard copy or PDF version of the survey

Your participation to the survey is confidential.
